TRUCKING:

Free shipping will be available to central locations. Contact Charles Linhart, 641-340-1306, to make arrangements.

Limousin Friends & Enthusiasts,

We would like to invite you to our Inaugural "Business Done Right" Bull Sale, Saturday, March 5, 2016, at our sale facility near Leon, Iowa. We are a family operation that's located just north of Leon, Iowa, in the heart of cow-calf country in southern Iowa. Our Limousin and Lim-Flex operation started in 1979 and has grown to nearly 600 producing females. Over the years we've always taken great pride in producing a quality product, our customers successes and doing things the right way.

In this offering we have brought you our very best. This group of 80 bulls consists of both spring yearlings and 18-month-old, fall-born bulls. Like in years past, the influence of our premier donors, elite herd sires, progressive A.I. program and no "shortcuts" approach is evident in the bulls we are offering.

Naturally, the ever-changing beef marketplace and current trends may have caught your attention and have some of you asking the question, what's a good bull going to cost this year? Quite frankly, your guess is as good as ours, but here are a few things to keep in mind: 1) we continue to enjoy excellent cattle prices (second highest in the history of the business); 2) the cost of fuel and feed is significantly cheaper than five years ago and most importantly; 3) the spread in value of genetically superior calves is at an all-time high. That said, the bulls that can sire market-topping calves are available in this sale as indicated by their visual traits and outstanding genetic profiles. So rest assured, the product at hand is exceptional and will come to you at various price levels. Bid with confidence.

It's our goal to make all business transactions with customers a pleasant experience. In addition, all cattle sold are fully guaranteed to the catalog in accordance with the North American Limousin Foundation as of Spring 2016. Furthermore, if you would like to discuss our sight-unseen purchase program, financial arrangements or trucking plans we are happy to accommodate. As a reminder to both our existing and prospective bull buyers, we encourage you to check out our industry competitive "Linhart Bull Program" incentives found on page 2 that we have in place to stand behind this quality set of bulls.

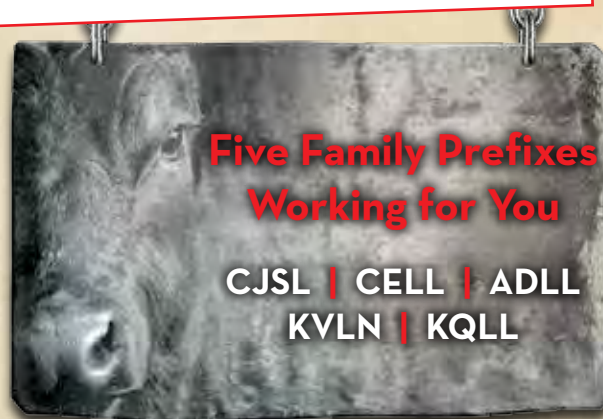

We look forward to seeing you at the sale. Plan to join us for lunch. If we can be of any assistance to you prior to or during the sale we have an open door policy and welcome all calls and questions. Don't hesitate to give us a call anytime.

Sincerely,

The Linhart Family
Linhart Limousin

SCHEDULE:

SPRING YEARLING BULLS

LOTS 1A -50

We couldn't be more excited to offer you this outstanding set of spring yearling bulls. Through our aggressive AI and embryo transfer program, we attempt to push the genetic envelope while maintaining the same common sense approach we know our commercial customers use. While fresh pedigrees and breed-leading EPDs have their place, they are of little value if the bulls we offer are not packed with the convenience traits all true cattleman demand. We feel we have accomplished our goals, but you, our customers, serve as the ultimate judge. Your feedback is not only welcomed, but appreciated.

Since bursting onto the scene at the 2014 National Western Stock Show, MAGS Aviator has kept the Limousin industry a buzz. He was made a top-seller at the Magness bull sale that spring by a group of like-minded progressive Limousin producers. From day one he has been an outlier both from a phenotypic and numerical standpoint. This double homozygous son of MAGS Winston out of one of the best Deuce daughters in the land leads the breed for BW, WW, YW, SC, MS and \$MI while posting a massive UIMF score of 5.33 which resulted in a contemporary ratio of 136. Aviator has been used heavily on a diverse cross-section of cows with amazing results. As witnessed by the Aviator sons headlining this offering, he stamps them all with his impressive phenotype while passing on aggressive performance and breed leading EPDs. MAGS Aviator is without a doubt, one of the most impressive young Lim-Flex AI sires in use today.

This Homozygous Black, Homozygous Polled Aviator son is the perfect representation of the type of cattle Aviator is siring. Big bodied, stout, eye-appealing bulls that will perform. A true calving-ease sire who also possess extraordinary genetics for growth, scrotal circumference and marbling. He ranks in the top 20% or better in 8 of the 13 EPDs. A big-time herd-sire prospect who covers all the bases.

Another double homozygous Aviator son who does the family heritage proud. This rugged, yet soggy individual is square-hipped and big footed. Like all of the Aviator progeny, he combines plenty of real-world performance with a data set that makes your mouth water. Calving-ease, growth and marbling pay the bills in any market, and this powerhouse leads the pack in all three areas.

A full-sib in blood to Lot 5, we really like what this Ypsilanti son brings to the party. Balanced and complete from nose to tail and sound from the ground up, he projects to sire cattle with growth, milk and marbling. Given his proven lineage, there isn't much guesswork here.

MAGS Zodiac continues to impress us with his ability to sire the right kind. When mated with a direct descendant of our leading donor, Heather, the result was this double Homozygous, square-hipped, big-middled, attractive individual. He maintains a modest BW EPD, while pushing the envelope for WW, YW, MS and \$MI. This is one big-time herd sire prospect.

If you are looking for a no-nonsense high percentage Zodiac son to stamp a set of calves, look at this brute who has the performance giant, Secret Weapon on the bottom side. Given his breeding, it should come as no surprise he weaned at nearly 900 lbs. His no-holes EPD profile offers the breeding flexibility that is so in vogue today.

LOTS 51-79

We are equally proud of this group of stout, well-developed fall yearling bulls. Rest assured, these are not the “left-overs” or the “picked-throughs.” They represent many of the same cow families and sire groups as our spring bulls. We developed these bulls with longevity in mind and as such, feel comfortable they will hold up under tough conditions while providing you years of trouble-free service. As always, we welcome your questions and concerns and in the event a problem arises when you get your bulls home, we hope we will be the first call you make.

What an impressive way to start the fall bulls, a homozygous black, homozygous polled first generation Lim-Flex. The Schaff program is known for producing performance-minded Angus seedstock and our Tootsie Pop donor takes a backseat to no one. This bull has all the power and dimension you can stack into one which is complemented by an 818-lb. weaning weight and breed-leading yearling weight, carcass weight, marbling and \$MI.

When we speak of performance, bulls like this come to mind. It is easy to appreciate his length of spine, wide stance and level top, along with his double HOMO status. This Xcessive Force son does a wonderful job combining calving-ease with growth, marbling and carcass quality.

Please take a moment to study the complete package of this rugged beef bull. The Consensus bull has sired as many great Lim-Flex cattle as any Angus bull as of late, and this HOMO black, HOMO polled lunker is no exception. A true calving-ease sire, who projects impressive post weaning growth along with marbling and \$MI in the single-digit percentiles.

Here for your appraisal is an impressive Zodiac son who is not only homozygous black, but traces back to the Angus great 616. His YW EPD is nothing short of impressive at 127, yet he also manages to muster single-digit percentile rankings for CW, MS and \$MI. His depth of flank, tremendous forerib and overall capacity should result in easy-fleshing replacements and sons that weigh heavy. A full brother sells as Lot 59.

Ask the Experts - Limousin sired calves work

"We use Lim-Flex® bulls on our British-based cows because it allows us to achieve our goal of producing a high percentage of cattle that grade Choice, have higher yielding carcasses, while maintaining feed efficiency and uniformity."

-Erik Roen, Sierra Valley Ranch California

Roen is a profit-minded cattleman who uses Lim-Flex bulls on his 2,000 head cow herd. Roen markets his calves through Superior Livestock Auction. One set of calves averaged 94% Choice or Prime, had greater than a 65% dressing percentage and returned \$117 per head of profit for the feeder.

THE LIMOUSIN ADVANTAGE

Limousin and Lim-Flex® (Limousin x Angus hybrid) deliver to your bottom line.

To learn more about the Limousin advantage, visit www.NALF.org or call 303-220-1693.

BEEFING UP OUR BULL BATTERY

Meaningful genetic progress never stops at Linhart Limousin. We scoured the country to find these unique herd sires we are confident will not only beef up the bulls our place, but for the entire Limousin breed as well.
